MISSOULA  
INTERFAITH  
COLLABORATIVE

Bridging Faith Communities & Social Organizations

## Interfaith Cooperation in Missoula and Why it Matters

A facilitated dinner and discussion with the  
*United Religions Initiative North American Leadership Council*  
hosted by the *Missoula Interfaith Collaborative*.

Please come for a simple supper and to learn new ways you can be even more effective in community and congregational leadership.

Communities continue to be negatively affected by political gridlock, lack of resources, and polarization. There is no more crucial time than now for modeling cooperation and understanding that bridge different religions, cultures, and perspectives in order to make our community stronger. This important event will seek to explore how interfaith cooperation works, what is already happening around the United States and in our area, as well as opportunities for the future.

The **United Religions Initiative** (URI) is a global grassroots interfaith network active in 92 countries that cultivates peace and justice by engaging people to bridge religious and cultural differences and work together for the good of their communities and the world.

The **Missoula Interfaith Collaborative** (MIC) comprises individuals and congregations who work together to address community challenges by cultivating partnerships with social agencies and businesses.
